

→ THINKING OF JOINING A TRIAL RECOMMENDED BY YOUR DOCTOR? ←

- How does this treatment work?
- What will my participation entail?
- What are the possible benefits?
- What are the side effects?
- If I weren't in this trial, what treatment would you recommend for me?
- Do you think that what's being offered in the clinical trial is as good or better than what you'd offer me if I decide not to participate in the trial?
- Would you still be my doctor?
- Would I need to travel anywhere?
- What will my costs be?
- Is there financial assistance available?
- If you were me, knowing what you know, would you join this trial?
- Will participating in this trial impact future treatment decisions?
- What tests are required before joining the trial?
- Is there anything I need to do before we start?
