

Andrew T. Chan, M.D., M.P.H.
SU2C Health Equity Committee

Andrew T. Chan, M.D., M.P.H.

Professor of Medicine
Harvard Medical School
Member, Stand Up To Cancer Health Equity Committee
Cambridge, MA

Andrew T. Chan, M.D., M.P.H. is a Professor of Medicine at Harvard Medical School (HMS), Professor of Immunology and Infectious Disease, Chief of the Clinical and Translational Epidemiology Unit at Massachusetts General Hospital (MGH) and the Director of Epidemiology at the MGH Cancer Center. As a clinical gastroenterologist, Dr. Chan specializes in familial gastrointestinal cancer syndromes and cancer prevention. Dr. Chan is a leading investigator in the epidemiology of colorectal cancer and other digestive diseases, with a focus on chemoprevention with aspirin and the interaction of diet with the gut microbiome. An elected fellow of the American Society of Clinical Investigation, he currently supported by NCI, NIDDK, NIA, Stand Up To Cancer and the Crohn's and Colitis Foundation for his research. He has published over 500 papers in the field of gastrointestinal cancer and other chronic digestive diseases in leading journals, including the New England Journal of Medicine, Journal of the American Medical Association, Lancet, Science Translational Medicine, Gastroenterology and Gut.
